FISCAL ANALYSIS

ASSUMPTION

Officials from the **State Tax Commission** and **St. Louis County** assume this proposal would have no fiscal impact on their organizations. We did not receive any other responses to our request for information.

Oversight assumes this proposal would require a completed land survey to be filed with a county recorder or deeds more often than is the case under existing provisions. This would result in additional income to county recorders' offices. Accordingly, Oversight will indicate an unknown amount of additional revenue to local governments in this fiscal note.
